CHARLEROI IS PREPARED FOR THE FOURTH LIBERTY LOAN

Campaign Details About Perfected for Big Drive To Open Saturday

OUR QUOTA OVER ONE MILLION

Our County again calls us to a great task that will tax our resources as they have not been taxed before. We must forget our own interests in the great common cause. We must all loan our money as willingly and freely as we expect our boys to "carry on" regardless of the cost. The Nation asks for $6,000,000,000.

Keep this thought before you always: GERMANY MUST NOT WIN THIS WAR.

It is assumed that all corporations, firms and business men will subscribe to the limit of their means.

Banks will loan to corporations (at coupon rate for six months) for the purchase of Liberty Bonds without reducing their regular line of credit.

In the Third Liberty Loan in most of the industries, almost every employee subscribed. This was a wonderful achievement and shows how, out of the many and diversified interests, we are cementing together as a Nation, which is our only business until the Hun is beaten.

All employers of labor will give their employees an opportunity to purchase Liberty Bonds of the Fourth Issue and pay for them out of their wages.

The Fourth Loan being double that of the Third, it will necessitate much larger subscriptions than heretofore. Persons heretofore purchasing Fifty Dollar Bonds should purchase One Hundred Dollar Bonds and in many cases Two Hundred, Three Hundred and Five Hundred Dollar Bonds.

The purchase of non-necessities must be stopped and habits of saving encouraged. The retired person who is an investor of his funds in guilt edged securities should by all means invest in the Fourth Liberty Loan to the limit of his ability.

Thefarmer has sold his crops for more in the last two years than ever before. He should purchase the Fourth Liberty Loan Bonds with his profit.

There are a great many people in America—a surprising number of them—who look upon the Liberty Loan Campaign as they do in the War Chest Campaign. They figure they are giving their money away. They must be taught that they not only receive 4 1-2 per cent interest on their investment, and that their principal will be paid back to them by Uncle Sam, but they should also be taught that when the principal does come back, its will perhaps be twice what it is now. They must be made to see that a good-sized bond laid away now will mean ready funds after the War for the purchase of real estate or industrial investments.

The Executive Committee hopes that those who purchased Third Liberty Loan Bonds, and have not paid for them in full, will do so as soon as possible, in order that they can do their share in the purchasing of Fourth Liberty Loan Bonds.

The Liberty Loan Organization which so ably handled the last Campaign, will have charge of the Fourth Liberty Loan Campaign,with some additions, viz.: Mr. W. B. Patterson has been named Town Chairman and Mrs. C. C. Wright, Chairman of the Women's Liberty Loan Committee. The house to house canvass will be made by both women and men, both organizations working together and receiving equal credit.

The applications used in Washington County will have a coupon attached, which must be filled out the same as the subscription. This coupon must be detached and sent to the Liberty Loan Headquarters, 306 Fifth Street which will enable the Town Chairman, W. B. Patterson to keep an accurate card index to subscriptions. Persons who will not subscribe will be listed on a Red card, which will be filed.

This campaign cannot be successfully handled unless it is operated on the best business methods.

The daily paper will print the complete list of committees and workers. All workers will receive full instructions in due time.

In the three previous loans, bonds were sold in Charleroi as follows:

First Liberty Loan	$245,050.00
Second Liberty Loan	423,550.00
Third Liberty Loan	631,350.00
Pledges to purchase Thrift Stamps and War Savings Stamps amounted	181,375.50
Grand Total	$1,487,325.50

In the Fourth Loan, on the same basis, our quota will be about $1,100,000.00. Do not say we cannot do it. WE CAN AND WILL. EVERYONE IS DOING THINGS TODAY THAT YESTERDAY WERE IMPOSSIBLE.

In the Fourth Liberty Loan Campaign, follow the President's request. Let us not have any demanstrations unbecoming good, law-abiding citizens.

NOT SO MANY HUNTERS THIS YEAR

The followers of games say that the number of hunters this season will be much smaller than that of last year. This is largely owing to the world war in Europe, in which thousands who formerly followed the rod and gun have gone. In Westmoreland county it is expected the number will be at least 2,000 less than last year.

TRAINS DELAYED BY AN ACCIDENT

Early morning passenger trains south bound, were delayed by an accident at Monongahela. A big steel car loaded with slack, coming off the M. & W. branch, spilled part of its load over the road bed when over the point of the switch coming on to the main track, one of the hoppers coming open. The car was in such a position as make it impossible for south bound trains to pass, and they had to wait until the coal was shoveled from the tracks and the car pushed back far enought to give clearance.

DENNY OATES IS RIGHT UP FRONT

To Dennis Oates, of Charleroi, belongs the distinction of being a member of the first crew of Knights of Columbus secretaries to operate one of the new mobile field kitchens of the organizations at the front. In a little wood along a main highway leading to the front, where an occasional bursting shell thrown over by the boches relieves the monotony, Secretary Oates and Frank Bandschu of Louisville, Ky., Joseph Kernan, also of Louisville, and Louis LeSage of Los Angeles, are tending the new kitchen, which is equipped to provide hot chocolate for the men in uniform going to or returning from the trenches and field fighting. With each kitchen the Knights of Columbus have sent 200,000 cigarets, large quantities of chocolate, chewing gum, candy, crackers, soap and other articles for free distribution among the sildiers

WILL REPAIR THE FAIRHOPE PIKE

The borough council of Fayette City has taken up the matter of repairing the Fairhope road within the corporate limits, and it has been agreed to accept the proposition of the State Highway Department and the county commissioners that the state would pay one half, the county one-fourth and the borough one-fourth of the expense. Work on the repairs will begin as soon as the papers are signed and turned over to the state. The road will be given the one-two-three mixture which is said to be the best surface that has yet been found to withstand heavy hauling. The state has arranged to have the pike between Fayette City and Belle Vernon rpaired and it is expected to have the work finished before cold weather sets in.

SPECIAL FEATURES WILL BE PROMINENT IN BOND CAMPAIGN

ENLISTED MEN ON DUTY AT DRAFT BOARDS

Private Raymond W. Yeanish has been sent by the commanding officer of the Pennsylvania Draft Headquarters to Donora to act as clerk of the draft board of the Fifth District. Private Yeanish has been in a training and according to the new rules will perform his duties while on duty with the board in the U. S. Army uniform John Busick has been assigned to a similar position with the local board at Ellsworth, reporting last week for duty. He will be there until the first of January next at least.

Platform Will Be Erected on Fifth Street for Outdoor Meetings

MUSIC WILL BE PROMINENT

In connection with the general outline of the Fourth Liberty Loan campaign in Charleroi, there will be a number of special features which will be of particular interest to our citizens. It is the purpose of Chairman Daly and his committees to have something doing all the time, and to that end it has been arranged to have an outside platform or stage erected on the Berryman lot on Fifth street opposite the Liberty Loan headquarters, where public meetings will be held and where special features will be presented.

Chorus singing will be one of the features and a male chorus will be organized with Prof. Daniel as director. This chorus will act in conjunction with speakers who will be provided for the various meetings to be held at this point. These meetings will be held several evenings each week, and the location being so convenient, it is expected they will be largely attended.

It is also proposed to erect a bill board at this point, adorned probably with a special feature, which will serve as an indicator or barometer, which will show the progress of the campaign in the Charleroi district. From time to time as other features are proposed they will be utilized if they are feasible. It is proposed to have band music on occasions, various local musical organizations being the attractions. Due notice of all special features will be given, that the people of the community may be advised of what is about to take place, and extending them an invitation to be present.

Chairman Daly and his co-workers expect to make the local campaign a whirlwind affair, in which the people of the community will be solicited and urged to take bonds to their limit. The usuaal liberal terms in the way of payment at the various banks will be continued, which will allow every resident of the community to purchase a bond.

THE FUEL ORDER

The Mail has been in receipt of several requests for information about the recent fuel order, issued from the office of Mr. Kuhn, fuel administrator of the Pittsburg district, and whether it referred to Washington county or not. Desiring to have direct information the Mail called up Mr. Kuhn's office and received word from his deputies that our community, as well as all of Washington county, and including Allegheny, Beaver, Fayette, Greene and Westmoreland were included under his jurisdiction, and that orders issued from the Pittsburg office affected all of the territory mentioned.

This being the case, it is the duty of the people of Charleroi to accept the decision and endeavor to live up to the spirit and letter of the ruling which went into effect on Saturday last There appears to be a little division of authority on this question between the office of Mr. Kuhn and that of Mr. Duncan at Washington, but as Mr. Kuhn appears to have the greater jurisdiction it is likely that his orders will prevail.

The merchants of Charleroi, very generally, accepted the ruling of Mr. Kuhn and kept their places of business closed until the specified hour, making no complaint because it was issued, but they were somewhat confused over the report from Washington.

However, that point seems to be settled but there is another that is just as important and one which it is desired to call to the attention of those who would play "tickley-bender" with the order, whether they do business in Charleroi or elsewhere. It was a favorite pastime with boys in their teens to play "tickley-bender" on the ice, going as fast as safety will permit without breaking through. The boy who can dare the most was likewise the winner. However similar action of some people with reference to the recent fuel order does not stamp them as winners, but rather as those who would go to the extreme limit in attempting to evade the spirit and letter of the rule without really breaking it, in order that some temporary advantage might come to them.

Such merchants and business men may be under the belief that they can so camouflage their actions that they can "get by" with the trick, but all subterfuges of that character are easily penetrated and the public are soon wise as to what is taking place. There be those who think their particular establishment ought to have special recognition, just because they happen to be who they are, and that any restrictions on their activity are not justified by circumstances.

The rule issued from the office of Mr. Kuhn is for all to observe. The exceptions to the rule are specifically noted and even those favored are confined to certain activities. The government tries to make the rule as general as possible, and endeavors to get away from any hair splitting controversy for which there is no need if the people will only accept the order in the spirit in which it is issued. Unless a business place is in the excepted list there should be no question about wanting to open at an earlier hour than designated; the rule is not designed to give any man or set of men advantages over others its object is to coserve power and fuel, and the government officials believe they are accomplishing the object by the method now in force.

Patriotic business men and they number 99.9 per cent of all of them, are ready and willing to comply—the remaining .01 should be compelled to.

THE LIBERTY LOAN POSTERS

Ten million posters and display cards in eleven designs will be used by the Treasury Department in the Fourth Liberty Loan campaign. All of the signs were donated by distinguished American artists.

The brutality and atrocity with which the Germans wage war are vividly portrayed in most of the posters and the duty and vital importance of protecting our country and our women and children from such an enemy and resisting the world and humanity from its curse are emphasized with all the appeal of art.

One of the posters, by Strothmann, is the menacing face of a German soldier with a bloody bayonet; the ruins of a cathedral and the smoke of wanton conflagration appear in the picture. A poster by Norton shows a pair of bloody German military boots with the injunction "Keep These Off of the United States". There is a strong appeal in the picture by Everett of a mother, with an infant at her breast and another child clinging to her skirts, with one arm stretched out in agonizing appeal; the legend is "Must Children Die and Mothers Plead in Vain."

The Statue of Liberty crumbling under German shell fire and New York City in flames is pictured, by Connell with the legend, "That Liberty Shall Not Perish From the Earth" "Hun or Home?" is the caption of a picture by Raleigh, representing a German soldier invading a home while a little girl with a baby in her arms gazes in mortal fear and apprehension.

The bloody imprint of a hand, "The Hun—His Mark," makes a striking poster by St. John with the exhortation, "Blot It Out With Liberty Bonds" "Remember Belgium" appears in a poster by Young above a silhouette of a German soldier dragging away a terrified Belgion girl; the background is vivid fire and ruin.

A new note is struck in the poster, by Williams. "For Victory"—the figure of Victory bearing a sword in one hand and the American shield in the other leading our troops; the American eagle and flag appear in the picture. "Come On" is the caption of a picture, by Whitehead of a determined American soldier with prepared bayonet standing over a body of a read German. Victory figures again in the beautiful female figure standing out against the American flag and pointing out to sea; she towers above a gun crew in action upon an American battleship when a gun is being actually served. This picture, which is by Howard Chandler Christy, is declared by experts to be technically accurate even to the marking of the shell which shows it to be of actual service shell for sinking submarines and not a target shell.

The eleventh design is an enlarged picture of the Fourth Liberty Loan Button.

Exhortations to buy bonds and support the Fourth Liberty Loan are carried on all the posters.

YOUR SOLDIER

"Miss Baker" is one of the few women of the country who have no particular boy in khaki or blue—no one to be proud of, to worry about and pray for. She had never dreamed of thinking of all thesoldiers as her boys.

That was why she could go from store to store and purchase all the sugar she wanted. She said frankly that there was no one in the trenches for her, and she wasn't going to put herself out to save sugar when she could get all she wanted by "going around a little."

But there are few Miss Bakers now. Even those women who have not kept the jewelers busy making service pins have come to realize that men stand in the mud and fight for them. It has taken a long time for people to feel personally responsible, to the extent of a clean plate and sugarless tea for the rations of a soldier.

Now people begin to see that they can actually send a man to France—not by recruiting, for the days of enlistment speeches are past, but by saving. It lies within the power of every citizen to provide space on a transport for a soldier. This space is saved from the demands of the civilian upon the shipping of the world. Every ship sent to a distant port for food for the Allies means soldiers kept in camp in Americaa. But when food is shipped overseas from American docks, food saved bit by bit in American kitchens and dining rooms then ships are sent straight across and time is saved.

The frugality and carefulness of the United States can keep the ships of the Allies plying steadily across the Atlantic. The savings of a civilian may transport a soldier—HIS soldier in very truth.

The Liberty Loan campaign in Charleroi will be carried on under different lines from the previous ones and there are going to be some mighty intertesting features in connection therewith. Our quota will be heavy, but we will reach themark.

For artillery, automatic rifles and small arms and for ammunition for them we have spent over three billion, seven hundred million dollars. Every Liberty Loan subscriber helps to purchase arms and ammunition of this kind.

His Own Story Holds a Thrill

Well Known Pittsburgher Is Qualified to Speak For Multitude

E. C. Byers, of 347 Pearl street, a well-known Pittsburg outcner, says: "I had constant spells of choking and coughing because of the secretions of mucus in my nose and throat, and I eventually swallowed as I slept and which finally affected my stomach. I would wake four or five times a night because of the choking sensations. Rarely did I ever get a night's rest.

"When I decided to take a remedy a friend said: 'You will not make a mistake if you try Tanlac.' I believed him. I have used two bottles and Tanlac has helped me so much that I just want to tell every one what it had done for me. My catarrh has practically gone entirely. I sleep much better and my sense of taste and smell that were badly affected have improved wonderfully. My appetite, too, has come back and I feel like I could eat eight or nine times a day. The pain over my eyes and in other parts of my head has disappeared. I get up in the mornings with a clear head and not all stuffed up and dizzy as formerly."

Tanlac is now sold here by Piper's Pharmacy.

The Men In Class 1-A

A sound healthy man is never a back number A man can be as vigorous and able at seventy as at twenty. Condition, not years, puts you in the discard. A system weakened by overwork and careless living brings old age prematurely. The bodily functions are impaired and unpleasant symptons appear. The weak spot is generally the kidneys. Keep them clean and in proper working condition and you will generally find yourself in Class A-1. Take Gold Medal Haarlem Oil Capsules periodically and your system will always be in working order. Your spirits will be enlivened, your muscles supple, your mind active and your body capable of hard work.

Don't wait until you have been rejected. Commence to be a first-class man now. Go to your druggist at once. Get a trial box of Gold Medal Haarlem Oil Capsules. They are made of the pure, original, imported Haarlem Oil—the kind your great-grandfather used. Two capsules each day will keep you toned up and feeling fine. Money refunded if they do not help you. Remember to ask for the imported Gold Medal Brand. In three sizes, sealed packages.

THIN, IRRITABLE CHILD

Gained Flesh, Strength and Good Nature by Taking Vinol.

Middletown, Conn.—"I used Vinol for my little girl 5 years old for a run-down, nervous condition. She was thin, irritable all the time and had no appetite. In a week I noticed an improvement and now she has a good appetite, has gained in flesh and strength and is much pleasanter to live with."—Mrs. C. B. Wilkinson.

There is no secret about Vinol—It owes its success in such cases to beef and cod liver peptones, iron and manganese peptonates and glycerophosphates, the oldest and most famous body-building tonics known.

Thought His Time Had Come--Disappointed

"I never was more surprised in my life than when I took the first dose of May's Wonderful Remedy. My stomach trouble had been of eight years' standing, sometimes so bad as to cause convulsions, followed by hemorrhage. I thought my time in this world was short and believed it the last medicine I would ever take. It is now eight weeks since and I am feeling better than for many years." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflamation which causes practically all stomach, liver and intestinal ailments including appendicitis. One dose will convince or money refunded.

Let's Pull Together

Are we, as a community, pulling together? Or are we pulling in opposite directions? Organization is the great community need of the day. Without organization men and women are apt to sink below the level of mules. Even mules, in time of danger or panic, have been known to co-operate. They sometimes kick together. If it were given to mules to think, they would wonder at the ways of men. That men and women, living and working in the same community, should refuse to co-operate, is one of the riddles of civilization. The only benefits worth having are the benefits we can share with our neighbors. Individual benefit counts for little. It is the co-operative effort that brings everlasting good. Good roads, factories, better schools, good markets can only be secured when all pull together. Every man, woman and child in this community should give one hour each day to community work. But, don't wait for someone else to start it. There is work for you to do. Begin with yourself.
